Independent Auditors' Report

To the Board of Directors of
Camp For All Foundation:

We have audited the accompanying financial statements of Camp For All Foundation, which comprise the statements of financial position as of December 31, 2013 and 2012 and the related statements of activities, of cash flows, and of functional expenses for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements – Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility – Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform our audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion – In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Camp For All Foundation as of December 31, 2013 and 2012 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Camp For All Foundation

Notes to Financial Statements for the years ended December 31, 2013 and 2012

NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization – Camp For All Foundation (the Foundation) was incorporated in 1993 under the Texas Non-Profit Corporation Act. Its purpose is to provide a camp facility designed for chronically ill or disabled children and adults. The barrier-free facility features paved walkways to assist wheelchair travel, specialized equipment to enable maximum participation in water sports, horseback riding and other physical activities, as well as a medical facility for campers requiring medication.

The Foundation collaborates with 60 other non-profits primarily from the greater Houston area but also throughout Texas and some camps draw campers nationally. The Foundation operates throughout the year and in 2013 provided services for more than 9,000 children and adults including those with cancer, autism, muscular dystrophy, visual challenges, spinal cord injuries, spinal bifida, sickle cell, severe burns, HIV, epilepsy, and their caretakers. Through its fundraising efforts, the Foundation provides 50% of the cost for each individual to attend and experience its life-changing facilities and programming.

Federal income tax status – The Foundation is exempt from federal income tax under §501(c)(3) of the Internal Revenue Code and is classified as a public charity under §170(b)(1)(A)(vi). The Foundation files annual federal information returns that are subject to routine examination; however, there are no examinations for any tax periods currently in progress. The Foundation believes it is no longer subject to examinations of returns for tax years ended before December 31, 2010.

Cash – At times, bank deposits exceed the federally insured limit per depositor per institution.

Pledges receivable – Amounts that are expected to be collected within one year are reported at net realizable value. Amounts that are expected to be collected in future years are discounted to estimate the present value of future cash flows.

Allowance for uncollectible accounts – An allowance for accounts receivable and pledges receivable is provided when it is believed accounts may not be collected in full. The adequacy of the allowance at the end of each period are determined using a combination of historical loss experience and account-by-account analysis of accounts receivable and pledge balances each period. Receivables are written off as a charge to the allowance for uncollectible accounts when management determines the receivable will not be collected.

Investments are reported at fair value. Investment return is reported in the statement of activities as a change in unrestricted net assets unless the use of the income is limited by donor-imposed restrictions. Investment return whose use is restricted by the donor is reported as an increase in temporarily restricted net assets.

Property is reported at cost, if purchased, or at fair value at the date of gift, if donated. The Foundation capitalizes additions and improvements with a cost more than \$5,000. Depreciation is calculated using the straight-line method over estimated useful lives of 3 to 39 years.

Net asset classification – Contributions, investment return and the related net assets are classified based on the existence or absence of donor-imposed restrictions, as follows:

- *Unrestricted net assets* include those net assets whose use is not restricted by donor-imposed stipulations, even though their use may be limited in other respects, such as by contract or board designation.
- *Temporarily restricted net assets* include contributions and investment return restricted by the donor for specific purposes or time periods. When a purpose restriction is accomplished or a time restriction ends, temporarily restricted net assets are released to unrestricted net assets.
- *Permanently restricted net assets* include contributions that donors have restricted in perpetuity. The income earned on these funds is available to support the operations of the Foundation.

Program service fees represent fees from user groups for use of camp facilities. Fees are recognized in the period in which the services are provided.

Contributions are recognized as revenue at fair value when an unconditional commitment is received from the donor. Contributions received with donor stipulations that limit the use of the donated assets are classified as restricted support. Conditional contributions are recognized in the same manner when the conditions are substantially met. The Foundation recognizes gifts of property and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are recognized as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Foundation reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Special events revenue is recognized when the event occurs. Amounts received in advance are reported as deferred revenue until earned.

In-kind contributions – Donated assets, materials and use of facilities are recognized at fair value as contributions when an unconditional commitment is received from the donor. The related expense is recognized as the item is used. Contributions of services are recognized when services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

Estimates – Management must make estimates and assumptions to prepare financial statements in accordance with generally accepted accounting principles. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, the amounts of reported revenue and expenses, and the allocation of expenses among various functions. Actual results could vary from the estimates that were used.

NOTE 2 – PLEDGES RECEIVABLE

Pledges receivable consist of the following:

	<u>2013</u>	<u>2012</u>
Pledges receivable	\$ 612,968	\$ 1,267,865
Allowance for uncollectible pledges	(5,000)	(5,000)
Discount to net present value at .5%	<u>(1,641)</u>	<u>(4,080)</u>
Pledges receivable, net	<u>\$ 606,327</u>	<u>\$ 1,258,785</u>

Pledges receivable at December 31, 2013 are expected to be collected as follows:

Within one year	\$ 330,468
In one to five years	<u>282,500</u>
Total pledges receivable	<u>\$ 612,968</u>

At December 31, 2013, approximately 66% of pledges receivable were from three foundations.

NOTE 3 – INVESTMENTS

Investments consist of the following:

	<u>2013</u>	<u>2012</u>
TIFF Multi-Asset Mutual Fund	\$ 2,690,412	
Interest in assets of Greater Houston Community Foundation (GHCF)		<u>\$ 2,242,035</u>
Total investments	<u>\$ 2,690,412</u>	<u>\$ 2,242,035</u>

TIFF Multi-Asset Mutual Fund is a SEC-registered mutual fund held and administered by The Investment Fund for Foundations (TIFF). The fund seeks to achieve a total return that, over a majority of market cycles, exceeds inflation plus 5% per annum by employing a globally diversified portfolio. The fund generally maintains its desired alignment of exposures by deploying equity futures, currency futures, U. S. Treasury futures, and swaps as needed. Redemptions can be made daily and no notice is required. A 0.5% exit fee is levied on all redemptions. There are no unfunded commitments at December 31, 2013.

The agreement with GHCF specified that amounts transferred from the Foundation to GHCF would be invested and held for the benefit of the Foundation. The Foundation could request grants from these funds from GHCF. The investments held by GHCF were in pooled accounts with the following investment composition as reported by GHCF:

Fixed-income securities	29%
Domestic equity securities	24%
Alternative investments	18%
Money market mutual funds	13%
International equity securities	8%
Real estate	<u>8%</u>
Total	<u>100%</u>

Investments are exposed to various risks such as interest rate, market, and credit risks. Because of these risks, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position and statement of activities.

Investment return is comprised of the following:

	<u>2013</u>	<u>2012</u>
Interest and dividend income	\$ 252,512	\$ 417
Net realized and unrealized gain on investments	722	156,251
Investment management fees	<u>(18,563)</u>	<u> </u>
Investment return, net	<u>\$ 234,671</u>	<u>\$ 156,668</u>

NOTE 4 – FAIR VALUE MEASUREMENTS

Generally accepted accounting principles require that certain assets and liabilities be reported at fair value and establish a hierarchy that prioritizes inputs used to measure fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The three levels of the fair value hierarchy are as follows:

- *Level 1* – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the reporting date.
- *Level 2* – Inputs are other than quoted prices included in Level 1, which are either directly observable or can be derived from or corroborated by observable market data at the reporting date.
- *Level 3* – Inputs are not observable and are based on the reporting entity’s assumptions about the inputs market participants would use in pricing the asset or liability.

Assets measured at fair value at December 31, 2013 are as follows:

	<u>LEVEL 1</u>	<u>LEVEL 2</u>	<u>LEVEL 3</u>	<u>TOTAL</u>
Investments:				
Interest in assets of TIFF	<u> </u>	\$ 2,690,412	<u> </u>	\$ 2,690,412
Total assets measured at fair value	<u>\$ 0</u>	<u>\$ 2,690,412</u>	<u>\$ 0</u>	<u>\$ 2,690,412</u>

Assets measured at fair value at December 31, 2012 are as follows:

	<u>LEVEL 1</u>	<u>LEVEL 2</u>	<u>LEVEL 3</u>	<u>TOTAL</u>
Investments:				
Interest in assets of GHCF	<u> </u>	<u> </u>	\$ 2,242,035	\$ 2,242,035
Total assets measured at fair value	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 2,242,035</u>	<u>\$ 2,242,035</u>

Valuation methods used for assets measured at fair value are as follows:

- *TIFF Multi-Asset Mutual Fund* is valued at the reported net asset value per share as determined by The Investment Fund for Foundations and is supported by the values reported in the audited financial statements.
- *Interest in assets of GHCF* is valued at the fair value of the underlying investments as provided by GHCF.

These valuation methods may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Foundation believes its valuation methods are appropriate, the use of different methods or assumptions could result in a different fair value measurement at the reporting date.

Changes in the fair value of Level 3 assets consist of the following:

Balance at January 1, 2012	\$ 2,085,784
Net appreciation in value of interest in assets of GHCF	<u>156,251</u>
Balance at December 31, 2012	2,242,035
Net appreciation in value of interest in assets of GHCF	116,386
Sales	<u>(2,358,421)</u>
Balance at December 31, 2013	<u>\$ 0</u>

For the year ended December 31, 2012, the amount reported in investment return attributable to net appreciation in value of interest in assets of GHCF related to Level 3 assets was \$156,251.

NOTE 5 – PROPERTY

Property consists of the following:

	<u>2013</u>	<u>2012</u>
Land	\$ 435,332	\$ 435,332
Construction in progress	79,475	3,144,716

Property, net	<u>\$ 14,103,781</u>	<u>\$ 12,188,687</u>

NOTE 6 – UNRESTRICTED NET ASSETS

Unrestricted net assets consist of the following:

	<u>2013</u>	<u>2012</u>
Undesignated	\$ 650,988	\$ 447,457
Board Reserve Fund	675,818	693,612
Property	<u>14,024,306</u>	<u>9,043,971</u>
Total unrestricted net assets	<u>\$ 15,351,112</u>	<u>\$ 10,185,040</u>

The Board Reserve Fund can only be accessed by obtaining a resolution approved by a majority of the Board of Directors.

NOTE 7 – TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets are available for the following purposes:

	<u>2013</u>	<u>2012</u>
Camp facility construction and enhancements	\$ 1,289,027	\$ 6,636,081
Accumulated endowment earnings for operations	278,390	113,491
Future operations	<u> </u>	<u>5,820</u>
Total temporarily restricted net assets	<u>\$ 1,567,417</u>	<u>\$ 6,755,392</u>

NOTE 8 – ENDOWMENT FUNDS

The Foundation has a donor-restricted general endowment fund for operations. The Board of Directors of the Foundation has interpreted the Texas Uniform Prudent Management of Institutional Funds Act

(TUPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies the original value of gifts donated to the permanent endowment as permanently restricted net assets. The remaining portion of the donor-restricted endowment fund that is not classified as permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by TUPMIFA. In accordance with TUPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the Foundation and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the Foundation
- The investment policies of the Foundation

The Board of Directors may approve a distribution of available endowment funds equal to a maximum of 6% of the average endowment investment balance for the previous three years. A distribution was not approved by the Board of Directors in 2013 and 2012.

Endowment funds are maintained in an investment account which is managed by TIFF. The Foundation has adopted investment policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places an emphasis on a blend of equity-based investments and fixed-income investments to achieve its long-term return objectives within prudent risk constraints.

Changes in endowment funds for the years ended December 31, 2013 and 2012 are as follows:

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor specified as a fund of perpetual duration. Deficiencies of this nature resulted from unfavorable market fluctuations. These deficiencies are reported in unrestricted net assets as an aggregate deficiency of endowment funds.
